

RIBBON — ESSENTIALS —

THE BEST OF BRITISH MANUFACTURING

BERISFORDS
RIBBONS & BOWS

Welcome to a world of possibilities,

Est. 1858

It all began for Berisfords back in 1858 with Charles Berisford founding the company with his brothers William and Francis.

Originally leasing part of Victoria Mill in Congleton, Cheshire. By 1872 they were able to buy the entire factory.

Berisfords survived the upheavals of two world wars and the industrial changes of the 50's, 60's & 70's. In 1992 becoming part of the Swiss based Kuny group followed by a large investment in machinery and systems.

In 1936 Ernest Berisford became head of the company but was the last to carry on the family name. Sebire was the name of the next generation, that being the married name of Charles Berisfords daughter Lillie.

Success continued and by Charles's death in 1898 the company had offices in London, Manchester, Leeds and Bristol.

At the turn of the 20th century Charles's son Harry headed the business assisted by his younger brothers Philip and Ernest.

Today we continue to produce ribbons from our factory in the heart of Congleton. Celebrating over 165 years as the UK's leading and most trusted ribbon manufacturer.

All ribbons are fully tested in our accredited laboratory, for colour fastness, wet and dry rubbing, absorbance of oil and water and compression against icing. These tests are carried out to ensure ribbons are fit for purpose and to ensure there can be no transfer of colour from ribbon to cake or wicking of the ribbon from fats and sugars. After coating and testing, ribbons can be either cut to length or converted into a bow or trimming. Our in house clean room offers the perfect controlled environment to manufacture direct food contact ribbon trims.

All testing and manufacturing procedures are fully documented and traceable and form part of our ISO9001 Accreditation.
